Progressive Tennis for Youth

Progressive tennis is considered by Tennis Canada and the International Tennis Federation to be the most effective and practical way to teach tennis to kids age 4-10 yrs old.

It scales down the game by using a smaller court, larger and lighter balls, and racquets with lower nets. Our experienced coaches will be fully implementing Progressive Tennis in our after-school program and summer tennis camps this season to provide your kids with the most enjoyable tennis experience possible.

First Annual St. James Rally Competition and Fundraiser

Saturday July 9. Make sure you are there for the start of a new tradition at the club. This all day event to raise money for the Canadian charity, Right to Play and the St. James renovation project. Pair up with anyone (non-members welcome!) and compete to hold the crown for longest rally!

BBQ all day and plenty of prizes to be won.
